WAYS TO TEACH PERSONAL ADDRESS & PHONE NUMBER:

1. Draw a map of the home and town on paper. Write the house number on the drawing of the home, add the street name on the road, and place the name on the town. In addition to mapping out important locations like the fire department, you could include favorite places to eat.

2. SING A SONG

It’s so much easier to memorize something to song. If you do a quick search on the internet you will come up with a variety of ideas, but you can also easily make one up on your own. You could sing the phone number and address to the tune of Frere Jacques. Super easy!

3. SEQUENCING ACTIVITIES

Write the address on index cards and have them place the cards in the correct order. You could separated the address as follows:

House number
Street name
City/Town
State
Zip Code

4. Practice dialing the phone number on a real phone.
