Meet Marty and Jett

Welcome to the USFA’s Activity Book where fire safety and FUN start.

U-S-F-A stands for the United States Fire Administration. Our job is to help prevent fires.

We want everyone to be safe from fire, including you!

Dear Parents and Educators:

Parents and educators play a vital role in teaching children fire safety and reducing the risk of child-set fires.

This activity book provides children ages 5 through 9 with valuable learning tools about fire safety and prevention. To reinforce the lessons in the book, we encourage you to lead a discussion about fire safety and prevention for children using the following information and fire safety tips:

Fire Prevention

- Help your parents place smoke alarms on every floor of your home.
- Never play with matches, lighters, or candles.
- Be very careful around fireplaces, heaters, and electrical appliances.
- If you find matches or lighters, tell a grownup.
- Always ask an adult to help you cook.
- Know two ways out of every room.
- Help to plan and practice a family escape plan.
- Post emergency numbers near the phone.

In Case of Fire

- Don’t hide in closets or under the bed.
- Stay low and go — even if that means crawling out.
- Don’t be afraid of firefighters.
- Once you’re outside, don’t go back in.
- Meet your family in the place where you planned.

For more information on children and fire safety, fire prevention, and protecting your home, please visit us at www.usfa.fema.gov or our children’s site at www.usfa.fema.gov/kids

The United States Fire Administration thanks you for bringing Marty and Jett’s Activity Book to the children in your life.

So turn the page, Junior Fire Marshals, and we’ll get started.
My Name Is: ________________________________

My Age Is: ________________

My Town’s Name: ________________________________

My Local Fire Department’s Name: ________________________________

In Case of Emergency Dial: ________________________________
Coloring Page

Mark your calendar to change all batteries with new ones at least once a year.

Help your parents put SMOKE ALARMS in your home, especially in and near bedrooms.
In the pictures, circle the 9 items that are listed above, right, that you should never play with or touch.
Four Steps to Fire Safety

In case of fire, here are four easy steps to fire safety. These four pictures show the best way to escape.

If you hear a smoke alarm in your home...

1) Get out quickly and stay out.

2) If there’s smoke, stay low to the ground when you exit.

3) Meet your family members at a preplanned safe spot.

4) Call 911 or the emergency number from a neighbor’s place.
The Fire Safety Order Game

Put these fire safety steps in the right order with numbers 1 to 4.

In case of smoke, Stay Low and Go to the nearest exit.
Find Two Ways Out

It’s good to know how to escape a fire.

Can you find two ways out of every room in your home?
Make the Right Call

Fill in the correct information, then put this page near a phone in your home.

Post your local FIRE & RESCUE number on or near your telephone, along with your address and phone number.

Show your friends where this information can be found.

In case of fire or an emergency, call:
FIRE & RESCUE

Phone: ________________________

My address and phone number is:
Address: ________________________

Phone: ________________________
Coloring Page

NEVER cook or bake without an adult helping you.

Always have an adult with you when cooking or baking.
Connect the Dots

Never hide from firefighters.

Don’t be afraid of firefighters.

In case of fire, they can help you escape.
As a Junior Fire Marshal, you can make sure your family plans and practices an escape plan.

Help Jett escape through the maze on this page.
Unscramble the Words

Here are some scrambled fire safety words.

1. ____________________
   yast owl

2. ____________________
   peacse

3. ____________________
   secrue

4. ____________________
   wot tixes

5. ____________________
   tryetab

6. ____________________
   irfegfhrte

7. ____________________
   oskme laram

8. ____________________
   yrtam

9. ____________________
   acwlir

10. ____________________
    fase

Check your answers on page 20.
Draw an Escape Plan

In the large space, draw an escape plan for your house or apartment. Draw arrows to show how to get out. Show your plan to a parent so you can practice it with your family.

In the small space above, draw your room. Then draw arrows to show two ways out.

Don’t forget doors and windows.
Remind adults to keep matches, lighters, and candles out of a child’s reach.

Never touch matches, lighters, or candles. If you find them, tell an adult.
Word Search

Remember: the words go up, down, and all different ways.

Circle these hidden fire safety words.

alarm
batteries
marshal
truck
adult
safety
escape
exits
firefighter
help
call
ladder
crawl
rescue
plan

Check your answers on page 20.
Smoke alarms should be in or near every bedroom and on every level of your home.
Draw a picture of yourself staying low as you exit your room.

In case of smoke, STAY LOW AND GO.
Fill in the Blanks

Choose the right word from the list below to fill in the blanks.

smoke alarms  two  escape  door  low  dangerous  loud  neighbor’s

1. Find at least ____________ ways to get out of every room.

2. Stay ____________ to the ground when escaping during a fire.

3. Help your family place ____________ in your home.

4. Smoke alarms make a very ____________ beep to warn you of a fire.

5. Fire is ____________.

6. During a fire, always remember to feel a ____________ before opening it.

7. After you meet your family outside, call 9-1-1 or the emergency number from a ____________ place.

8. An ____________ plan can save your family.

Check your answers on page 20.
Important Things to Remember

Fires can be loud, burn very fast, and smoke can make a room very dark.

That’s why good escape plans help you get out quickly.

Here’s how to help your family with an escape plan.

1. Try to find at least two ways out from every room in your home.
2. Every way needs to be planned and practiced with grownups.
3. Remember to stay low and go.
4. Before opening a door in a fire, feel it first. If it’s hot, there may be fire on the other side. Do not open the door. Try to get out another way.
5. Pick an easy-to-remember, safe place outside to meet your family after you get out.
6. Call 9-1-1 or the emergency number from a neighbor’s place.
7. Stay outside no matter what. Don’t go back in for anything!
