Recognizing America's Newest Citizens

Dear Friends and New American Pathways Supporters,

We invite you to participate in **Red, White and NEW**, the sixth annual fundraising celebration hosted by New American Pathways. **Red, White and NEW** will be attended by generous Atlanta-area individuals and corporations who support diversity in our community as well as the opportunity for refugees to rebuild their lives in Georgia.

Please support this fundraising event with the donation of items and/or services for use in the night's live and/or silent auction event. In the past, we have seen success with such items as: getaways and vacations, unique entertainment and dining experiences, spa packages and gift certificates.

About New American Pathways

New American Pathways is an Atlanta-based nonprofit that helps refugees from the moment they arrive in Georgia through their journey to U.S. citizenship. With a comprehensive set of customized services, steady guidance, and strong advocacy, we enable refugees and other immigrants to realize their full potential and dreams as they build new lives in Georgia.

Beginning with resettlement services and by keeping a strong focus on jobs, education, cultural integration, individual and female empowerment and building strong families, our specially designed programs provide proven pathways to self-sufficiency and success. By matching peoples' unique individual assets with the opportunities available in the community, we help ensure that these new Americans develop and contribute their special skills and talents to strengthening the American workforce and helping Georgia thrive.
