Pathways

HELPING REFUGEES AND GEORGIA THRIVE

Out of an abundance of caution, effective **Friday, March 13, 2020 New American Pathways' office location will be closed.** Most operations will be done remotely until further notice and we are implementing a work-from-home protocol. At this time have been no reports of New American Pathways staff, clients or contractors testing positive for COVID-19, or reported cases of illness. But by making this decision, we are abiding by Public Health experts' guidance to protect people who are vulnerable as much as possible and to limit potential exposure. For General Questions, reach out to info@newamericanpathways.org. For Volunteers, contact volunteerengagement@newamericanpathways.org.

For Clients: Office Walk in Days are cancelled but we can still help you. If you need help or a phone appointment, contacts are below. Please leave a voicemail if you do not get an answer, and someone will call you back. You can also reach out to your assigned Employment Specialist, Case Manager, Parent Educator, or School Liaison if you have other questions. We can still help you with needs you may have, just please call or text first.
