HELPING REFUGEES AND GEORGIA THRIVE

OUR MISSION

New American Pathways is an Atlanta based nonprofit with the mission of **Helping Refugees and Georgia Thrive**. Our vision is for new Americans in metro Atlanta to become successful, contributing, and welcomed members of Georgia's communities. We fulfill our goals by offering the most comprehensive, fully integrated continuum of services targeted to meet the specific needs of refugees and other immigrants in Georgia.

Our services support new Americans on their individual pathways from arrival through citizenship with programs that focus on four key milestones along the pathway: **Safety & Stability, Self-Sufficiency, Success, and Service**. Programs work in concert to guide new Americans on their individual pathways to long-term success.

GROUP VOLUNTEERS ARE ESSENTIAL

Group Volunteers are incredibly important to the work we do at New American Pathways and are essential to our mission of ensuring refugees and Georgia thrive. Giving time and talent is both a meaningful and impactful way to support and welcome new Americans.

Groups may volunteer during the week and/or on the weekends. There are plenty of ways to get involved as a **community organization, school group, or faith-based organization**. We thank you for your interest!
